**Subject:** NOTICE: AltEn Air sampling with ORD scheduled for May 2022

We are working with ORD to perform air sampling to determine which substances are causing the odors. ORD will be performing the analysis and LSASD will be setting up the equipment.  
NDEE requested the sampling and we have been in coordination with them.

We will need an outreach/communications plan similar to what we did with the GMAP sampling event.

Just providing advance notice.

Thanks

***Cecilia Tapia***
